OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 300 years GOLD MEDAL Haarem Oil has been relieving the weaknesses and disabilities due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarem Oil is included in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a small

swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarem Oil Capsules will keep you in health and vigor and prevent a return of the disease. Do not wait until old age or disease have settled down for good. Go to your druggist and get a box of GOLD MEDAL Haarem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand, in sealed packages.
